BURLINGTON'S TREASURY NEARLY EMPTY.

Burlington, N. J., Feb. 8.-It has been found that place is in serious financial straits. There is 8460 in the treasury to pay the current expenses

two bills, one for \$2,500 and another for \$1,200, which will have to be paid, together with \$450 in-terest. The city carries a bonded debt for over \$60, 000, and a portion of it will fall due in a short time.

DR. F. GRAY BLINN FLED FROM THE CITY

HE WAS UNDER BONDS FOR MALPRACTICE-MISS WHITNEY, HIS VICTIM, DIED TUESDAY.

Apparently the police of the Twenty-second Precluct are blessed with an abnormal belief in human nature. Their confidence in the integrity of Dr. F. Gray Bilinn has enabled that physician to escape from the city while under bonds on a charge of malpractice in the case of Alice Whitney, who, as the result of criminal operations, now lies dead on the second floor of the apartment-house No. 351 West Forty. Miss Whitney took to her bed two weeks ago and at once made charges against Dr. Blinn, who was promptly put under \$3,000 bonds by Justice A detective watched Miss Whitney by day and a detective watched her by night, but no one watched Dr. Blinn. Without any interference he made his preparations for departure. He removed all his goods from his home in the broad light of day, and quietly left the city when it became certain that Miss Whitney would die. No one offer d to interfere with his plans. The sentiment of the police on the subject may be gathered from the remarks of Sergeant Thomas yesterday in trying to explain the doctor's escape.

"We thought he was all right," said the sergeant "Besides no one thought the girl would die. acted squarely, and his wife produced the ball as soon as it was wanted." But this is not the first time that Dr. Gray Blinn has been in the hands of the police. Originally he came from Tecumsch, Mich. Once he kept a "retreat" for women in Lexington-ave. About ten years ago he was charged with malpractice in the case of Mrs. Frank Farnquist. But before the trial the prosecutor and her husband went to Sweden. In Boston and in Saginaw, Mich., the doctor, it is said, is known.

Miss Whitney said that he had agreed to perform the operation in her case for \$50 down and a promissory note for \$30 more. Yesterday an autopsy was held on the body of the girl. Her real name and her home are still unknown. The body will be

THE TRADE IN CHICAGO.

Chicago, Feb. 8 (Special).-It seemed to-day in the provision market as if the holders of lard were taking idvantage of the very favorable conditions to market some of their line. Although there were only 10,000 bogs, although the prices at the yards were 10 cents up, and although the estimate for Thursday was only 15,000 logs, lard opened at the top, and was inclined all the session to field a little. At moments flately gave the price support, but it was the theory among those in the pit all the session that his clients were doing more selling than buying. May sold from \$12 to
